Occupational Pension Plans?

Provision of Occupational Pension Schemes in developing countries has always had problems due to the poor economies. Because of this, pension contributions made by employees are seen as a punishment or a delay in enabling them to utilize their deferred salaries. This has been made worse by the current workforce who is very mobile and hence does not see the benefits of employer pension schemes that promise long term benefits.

One of the advantages of having an Occupational Pension Scheme from the employers' point of view is to motivate the best employees to work for them longer in anticipation of a better retirement package. The employer at the same time uses the pension plan as a tool to attract the best talent from the labour market. This latter reason may not work quite much in developing countries where the labour market is flooded with graduates from all spheres who have no jobs. But it's important to remember that an employers' need to retain a talented workforce, as well as managing the risk of huge liabilities which could arise from accrued employee benefits is the basic driver of setting up Occupational Pension Schemes. The labor market will view the way a company treats its old workers and draw conclusions as to the way other employees who will work for the same organization will be treated on leaving the company. Employees who have a good retirement package will proudly speak of their former employers and hence creating a good public image for the organization.

One challenge for employers wishing to set-up pension plans may be the processes involved in the management and registration of these plans, in the case of Segregated Pension Plans. This challenge may not apply in the case of multi-employer pension funds, also known as Umbrella Funds, which are already set-up. Engaging services of an experienced consultant, who may also be a scheme Administrator, offers a solution to the involving process of setting up a segregated pension plan.

As workforces become more mobile and laws allow for shorter vesting periods, the reward

to long term serving employees has become increasingly tenuous. This has resulted in many employers offering more cash benefit and moving away from promised benefits. For employers who run pension plans that are defined benefit, it is increasingly getting difficult to sustain the contribution levels that actuaries recommend due to dwindling employer budgets, hence the preference for other types of plans; defined contribution plans.

An employer who has a pension plan in one way is an assurance to those employees, who are not mobile, of a long-term relationship between the two parties. This motivates the employees to increase their output for the employer. More often, most pension plans will come with a death-in-service benefit and hence employees feel assured of their dependants' provision in the event of death in service. Employees will normally use pension plans with their current employers as a tool to negotiate for high remuneration with their prospective employers.

Pension plans will go a long way in reducing dependency at old age and hence reducing poverty at that level of the society. The savings that pension plans mobilise are good for the economy, because they are long-term savings. Because of this, the government has a high interest and thus ensuring that an enabling environment is provided for these schemes. It is also in the government's interest to ensure that the whole workforce is taken care of when it comes to pension plan arrangements, as in some cases, state pension schemes have capped contributions, meaning one can only retire with so much. Therefore, Occupational Pension Schemes, will compliment other pension plans, including the state pension plan, offering a better retirement

6.0 ACTION TAKEN REPORT FROM THE MINUTES OF THE 33RD AGM HELD ON 28TH APRIL 2018

No.	ITEM	ACTION TAKEN
6.1	Chief Justice Rules	The Chief Justice Rules have not been finalised and are still at the Ministry of Justice.
6.2	Resolution to amend Section 19(2) of the Accountants Act	The draft bill was prepared and is being reviewed by the Ministry of Justice.
6.3	Statutory Instrument on Fees	The Minister of Finance (MoF) signed the statutory Instrument on fees during the year. However, due to concerns raised by stakeholders the SI was revoked on 5th February 2019. After the revocation of SI 34, and under the instruction of the Attorney General, a task force comprising MoF, MoJand ZICA was constituted to redraft the SI. The new draft SI was adopted and submitted to the Ministry of Finance through the Accountant General's Office for onward submission to the Ministry of Justice.
6.4	Raising Finances for ZICA Properties Limited	The contribution from members has continued and 666 members have contributed to the fund. The contract with Time Projects Property Zambia Limited for the development of a mixed- use facility at the Accountants Park was signed after obtaining the necessary approvals from the Management Procurement Committee and the Board of ZICA Properties Limited. Time Projects would raise the component of debt finance.
6.5	Payment of subscriptions by Government	The Institute has continued to engage Government through the Office of the Accountant General who during the first quarter of 2019 provided a list of about 2,700 accounting staff under his portfolio. Of these, 2,137 accounting staff were not registered with the Institute and the Institute advised the Accountant General of subscriptions due from these accounting staff. A settlement decision of the subscriptions due is being awaited from the Accountant General.

No.	ITEM	ACTION TAKEN
13.1	Restriction on outsourcing accounting services to centers of excellence	There is no law or regulation that prohibits the outsourcing of accounting services to centres of excellence and as a result, the Institute cannot enforce this proposal. Under the current regime, it is a business decision of each company to determine how accounting services are procured whether by having in-house expertise or using group centres of excellence. That said, the Directors of any company incorporated in Zambia are responsible for the financial affairs of the company they represent and take full ownership of financial statements generated including those produced from centres of excellence.
13.2	10% of the Subscription fee to be converted to Benevolent Fund	Council noted that apart from contributions from members, 10% of the income on Annual Ball Tickets is allocated to Benevolent Fund annually. Council was of the view that unless the proposal was a markup on subscription, it will have a negative impact on the budget of the Institute and therefore did not approve the proposal. Further the Institute secured a life plan for each member from Prudential Life Assurance which provides a cash pay-out and funeral assistance to the family of a deceased member.

7.0 PROPOSED RESOLUTION

7.1 Resolution to Appoint External Auditors

BDO, the current external auditors of the Institute expressed willingness to be reappointed as external auditors for the 2019 financial year.

Resolution

It is hereby proposed and recommended by Council that Messrs BDO be appointed as external auditors for the Institute for the financial year 2019 and that Council be authorised to determine their remuneration.

8.0 REPORT OF INDEPENDENT COMMITTEES

8.1 DISCIPLINARY COMMITTEE

INTRODUCTION

The main purpose of the Disciplinary Committee is to hear disciplinary cases, determine and provide a reasoned judgement in such matters.

Membership and Attendance

The 2018 Committee composition and attendance was as follows

No.	Name	Meetings Held	Meetings eligible to attend	Meetings attended
1.	Vincent Malambo SC (Chairperson)	3	3	3
2.	Irene Kunda (Vice Chairperson)	3	3	1
3.	Mukelabai Wambulawae	3	3	3
4.	Priscilla Seketi Bwalya	3	3	3
5.	Robert Malasha	3	3	1
6.	Stanley Siame	3	3	2

Mandate of the Committee

The establishment and mandate of the Disciplinary Committee is provided for in Part VII of the Accountants Act of 2008. The Disciplinary Committee may receive complaints against members who have violated Section 72 of the Act and/or the code of conduct of members.

Reportable Activities

During the year under review, there were three (3) meetings held. There was one case hearing on professional misconduct and one case on examination malpractice.

1. Professional misconduct

A complaint was received against a member for offering accounting services when his firm was not registered with the Institute. The Responded indicated that he gave support services in terms of helping his clients to prepare and submit VAT, PAYE, WHT and NAPSA returns. The Respondent denied providing accounting services, that when such services have been requested he has referred such clients to firms registered and authorised to provide those services. The DC found that the Respondent did not set up a practice as a Chartered Accountant nor did he hold himself as such.

The DC indicated that it was unable to conclude that the Respondent was guilty of professional misconduct and breach of Sections 18 (1) and 20 (1) of the Act.

2. Examination Malpractice

The complaint was an examination malpractice by a student who was found using a cell phone during the examination. The Respondent denied the charge. After reviewing the representations from the defendant and the Institute, the DC found out that the Respondent was guilty of professional misconduct as defined in Section 72 (c) of the Accountants Act.

A breach of Section 72(c) brings into question the integrity of the Respondent and his fitness to join the accountancy profession. The DC was aware that the Respondent's integrity was called into question at the stage when he is taking his nascent steps to enter the profession.

The DC similarly took the view that although cheating in an examination is a seriously dishonest attempt to enter the accountancy profession, this does not mean that the Respondent is incapable of

reforming and thus redeem his integrity. However, the Respondent did not give the DC any reason to believe that he has truly repented of his wrongdoing. He began by pleading his innocence and alleging that he was forced to sign the report of the incident.

Accordingly, the DC found that the Respondent lacks the requisite level of integrity required of an Accountant. The DC ordered the cancellation of the Respondents Certificate of Registration as a Student Member of the Institute pursuant to Section 77 (5) (a) of the Act.

3. Conclusion

I just want to let you know that my tenure of office and that of the Vice officially expired on 30th April 2018 but there were pending cases that were handled by myself that needed to be concluded.

8.2 BENEVOLENT FUND BOARD ANNUAL REPORT FOR 2018

Objectives and Operations of the Fund

The principle objective of the Fund is to raise and maintain funds for the purpose of assisting persons in need that are or have been members of the Institute and their spouses or dependents. The Fund also targets to provide critical medical care to members within Zambia on a case by case basis. However, due to constraints in financial resources the assistance is restricted to payment of school fees for children of deceased members.

The fund depends on volunteers for all its administrative work including honorary audit services provided by HLB Zambia.

The major sources of income for the Fund include contributions by members, donations and interest on investments. The income is invested in interest bearing financial instruments. The Fund assists beneficiaries by awarding educational grants to children of deceased members.

Business Transacted during the Year

The Benevolent Fund Board met once during the year under review to consider cases from families of members in distress, review the financial performance of the fund, review strategy and approve financial statements.

Financial Assistance

During the year the Board continued supporting 5 children of late members by paying for their school fees. Of these children, four (4) at secondary school and one (1) at University.

Financial highlights

Income

Based on the draft financial statements, the Fund recorded a total income of K107, 351 compared to the K52, 818 in the previous year. The sources of income were as follows:

Source	2018 K'000	2017 K' 000
Subscriptions	13,550	9,915
Interest earned	13,157.2	15,869
Annual Ball collections	11,320	23,700
Raffle Proceeds	11,500	5,800
Donations	-	-
Total	49,527.2	55,284

As can be seen from the table above, contributions from members have continued to decline threatening our ability to continue supporting persons in need.

Expenditure

The Board spent a total of K72, 442 compared to K110, 804 in the previous year. Of the total expenditure, K67, 831 was spent on requests for school fees for children of late accountants against K106, 305 in the previous year.

Projected Expenditure

In the 2018 financial year, projected expenditure is around K120, 000 most arising from increased claims by beneficiaries and new cases being recorded.

Investments and Bank balance

As at 31st December 2018, the bank balance was K18,540 (2017, K3,928) and short term investments stood at K107, 815 as compared to K175, 490 for the previous year.

Obituary

The Board wishes to report with sadness the demise of the following ZICA members since the last AGM:

1.	Juliet Daka Chansa	- FZICA
2.	Mpe Mbetwa	- FZICA
3.	Bless Nzemba	- FZICA
4.	Ndinawe Lister Nankamba	- AZICA
5.	Ackley Simwinga	- AZICA
6.	William Kabwe Kasase	- AZICA

May the souls of our departed comrade rest in eternal peace

Future Plans

The Benevolent Fund Board will continue to undertake its humanitarian functions for members going through difficulties and also assisting families of the deceased members.

To achieve this, the Board will intensify its fundraising activities through the following measures:

- 1. Lobby for corporate sponsorship of some of the activities of the fund.
- 2. Hold a raffle during the upcoming year.
- 3. Explore other investment opportunities which may yield better returns than the traditional Fixed Deposits.

Conclusion

We have recorded a significant increase in the demand for financial assistance compared to the income generated by the Fund. For instance, the total income during the period was K49, 527 against

total expenditure of K72, 442. The trend was similar in the last financial year where income continued to decline in comparison to expenditure. At this rate, the Fund may not meet financial needs of our beneficiaries beyond this year. The available resources can only pay for school fees for one year. It is in this regard that I wish to make an earnest appeal for charitable contributions from members for us to continue on our path to serve families in need. I must attest that the Fund has given hope to many families of our deceased members who have been at the point of destitution.

On behalf the Benevolent Fund Board I want to take this opportunity to thank all members who made a contribution in any way to the activities of the Fund during the year 2018. The Fund appreciates any assistance members can give to ensure that the Fund continues to provide support to all beneficiaries who are in need. The effectiveness of the Fund depends on the collective contributions of members. As indicated in the financial highlights, membership contributions have continued decline whereas requests for financial assistance is on the rise. This trend will adversely affect the Fund's operations.

Lastly, I wish to thank all the Board members and the ZICA Secretariat for the amount of support rendered to the Board during the year 2018.
