GOOD MORNING!!

I would like to welcome you all to the 2020 Pre-AGM workshop. It is indeed a great relief and pleasure to

finally be able to host this annual event. Allow me to thank all workshop participants for joining us today virtually and those present here as we dissect the theme “*Managing Disruption through Innovation & Adaptation*”.

Distinguished Guests,

I would like to take this opportunity to remind the members of the importance of the Pre AGM workshop and the other CPD activities that the Institute facilitates. These kind of programmes enable the members to remain updated with latest business and professional knowledge which enable members to maintain skills at cutting edge required to ensure that clients or employers receive competent professional service.

This workshop will provide a platform for members to consider adopting new ideas to work more efficiently and effectively in a changing business and work landscape which is confronted with disruptions and in which effective adaptation is key to survival.

Ladies and Gentlemen,
