

RELEASE OF THE DECEMBER 2020 EXAMINATION RESULTS

22nd January 2021

The Institute would like to inform all students that the December 2020 examination results will be officially released on Friday 29th January 2021 and not 22nd January 2021 as earlier communicated through our calendar. This change has been necessitated in order to conclude all examination results release processes given that the Institute had recorded positive COVID 19 cases which delayed the finalisation of the December 2020 examinations results.

The Institute therefore, encourages all students to check their results by logging into their student accounts on Friday 29th January 2021.
