Our e-Books for Study Manuals and Revision Kits are now hosted online by Kitaboo, an award-winning platform which allows students to access interactive, mobile-friendly content whenever they want and wherever they are in the world.

Students can now have all of their learning materials in the palm of their hand, increasing portability of materials whilst reducing the need for storage and waste.

Available online and offline, students can annotate their materials and the e-Book will summarise all annotations into a single list, making studying more efficient. Students will also be able to use the app's search functionality to find key information on specific topics throughout the learning materials.

Combining this resource with BPP's traditional learning materials will prepare students for exam success by allowing them to access content in a way which is most suited to them.
