

INVITATION TO ATTEND THE 2023 INTERNATIONAL PUBLIC SECTOR ACCOUNTING STANDARDS (IPSAS) WORKSHOP

The Zambian Government plans to move to accrual based International Public Sector Accounting Standards (IPSAS) by the year 2027. Accrual based IPSAS is the logical step to promote a culture of accountability and transparency in the management of government resources. As such, ZICA has taken a position to promote the implementation of accrual IPSAS in Zambia. This implies that all accountants in public sector institutions must be fully conversant with the IPSAS Reporting Framework. This workshop will enable participants to:

1. Apply IPSAS to improve accountability by providing a complete and accurate view of entities operations and performance;
2. Improve overall management and planning by application of more precise estimates of income and expenditure and effective usage of assets and liabilities;
3. Achieve greater transparency by use of primary resources and resulting liabilities
4. Identify challenges faced in adopting IPSAS and how to overcome those challenges
